

# Another Happy ERC Client!

May 2023

Here are a few excerpts of Awards Letters received by some of our clients:

Every organization listed here did not think they qualified for an ERC refund. Why? Because of what they read or were told.

Several actually worked with other providers who said they did not qualify for a refund.

Each owner is extremely grateful they pursued a *2<sup>nd</sup> Opinion!*

- One listed here was a church
- Another a restaurant, professional services, & retail

**Whether it's \$13k, \$34k, \$50k, \$314k or more ...  
we want to help you maximize your ERC refund!**

**Use this QR code to learn more & to contact us!**

May 2023

On the following pages you will read eleven testimonials from people who took the time to share their story of interacting with our team (CCI is part of the TMG/Jorns-&-Associates team). If after reading this document you would still like to talk with someone who's gone through the process – pick up your phone, dial any number listed, let them know how you got their number and have a conversation!

## True + Freedom MINISTRIES

April 18, 2022

To Whom It May Concern:

I would like to thank TMG Business Solutions and Jorns & Associates for blessing our organization through the Employee Retention Credit program. Steve Mintz brought this opportunity to my attention just a few months ago. He shared a short video on how the program worked, walked us through the registration process, and in a matter of weeks we learned we qualified for \$153,000! That is a substantial amount of money that is now available to help us achieve our mission that would have otherwise gone unassessed.

I cannot recommend more highly TMG Business Solutions and Jorns & Associates. These are professional individuals who are dedicated to assisting their clients fulfill their missions by accessing resources most groups like ours would not have had the wherewithal to access on our own.

May God bless and keep you

Sincerely,

Michael Swier  
Executive Director

Each organization who took the time to give us feedback is extremely grateful they pursued a *Complimentary, 2<sup>nd</sup> Opinion!*

We would like to add you to our list of satisfied clients. In fact, one client recently shared with us they talked with a former employer and said this to the owners, ***"I forwarded the [link](#) ... and explained that they would be fools if they didn't investigate...."***

We want to help you be wise and to maximize your ERC refund!

April 11, 2022

I wanted to take a minute to THANK and recommend TMG Business Solutions and Jorns & Associates for their excellent work on the ERTC (Employee Retention Tax Credit) with our Greater Cleveland Youth For Christ organization. They worked professionally and efficiently to help us obtain 'substantial dollars' through the ERTC. They are experts in their field and explained their simple process and terms of agreement to help us. They gave a short presentation to show their process and how we could apply. We signed up, they did all the work, and to date (6 months later) we have already received 4 of our 6 expected checks to help our ministry reach more youth in crisis. There have been no surprises, no disappointments, and no delays. Everything they said they would do, they have done. I would like to thank TMG Business Solutions for bringing this to us and recommend Jorns & Associates to as many friends and family as possible in hopes they too would benefit from their great work.

Best Regards,

Jeff Thompson

Executive Director of Greater Cleveland Youth for Christ Cleveland

To Whom It May Concern,

We were approached by Steve about the ERC program through our family connections. Steve and Damon came out to our office to explain the program in detail for us. Honestly it was hard to believe at first but after their discussion and video presentation we decided to go forward. The whole setup process was easily done online and via email with Jorns & Associates. They were very easy to work with and explained every step of the way. Within a few months we received word about the returns we could expect. After about 3 months we received the first check, a week later two more. We will also get additional quarters per the returns. We would certainly recommend reaching out TMG Business Solutions and Jorns to see if they can help with your business as well.

Thank you again to all that helped in the process.

Have a great day!

To Jorns & Associates and TMG Business Solutions,

When I received a call from a good friend about the ERC program and was told my company could possibly qualify for up to \$26,000 per employee, I actually laughed to myself. But out of respect for him and his company I really had nothing to lose and a whole lot to gain. Well, to my surprise I just recently received 2 checks and more to come. My advice is to engage with Jorns & Associates and if they determine you qualify like they did with me, take the money out of the Government hands and into companies like yours. We certainly can find better ways to spend the money than the government can. Thanks again for getting us these wonderful checks.

All the Best,

Spencer Jacobs

April 8, 2022

I just want to thank TMG Business Solutions and Jorn's & Associates for doing a great job with our ERC. Everyone at Jorn's was professional, patient, and helpful throughout the process. I wasn't an easy sell. They had to work hard to convince me to even look at the program as I was advised we wouldn't qualify. When I realized we had nothing to lose and EVERYTHING to gain, I agreed to listen. Well, we have received 3 of our 6 checks already and pleasantly surprised at the amounts. I'm sure there are many companies out there that think they don't qualify like we did. My advice, agree to listen.

All the best,

Jim Cramer

**Always Striving To Be Better!**

To Whom it may concern,

I was approached by my accountant about a company and program that could help us out. I had an awesome talk with Steve on the phone and after a 10 min webinar with him, it was a no brainer. It was no risk to my company with the money back guarantee and they guided my staff and I through the process. Within 6 months, I had our checks, and it was such a blessing to both my family and the company. I would highly recommend talking to Jorns & Associates and TMG Business Solutions! I have personally sent over 50 company recommendations to them so that everyone can be helped during this time. Thanks again to all the staff!

All the Best,

Nathan Revesz

President

## Happy Clients saying Thank You!

We would like to take this opportunity to thank TMG Business Solutions and Jorns & Associates for their work on providing our company the opportunity to apply for and receive Employee Tax Credit (ERTC) money for our business. Although we were doubtful that we would qualify for this tax credit we were quite pleased to find out that our business did indeed qualify. This through the efficiency of work provided us by the Jorns & Associates personnel and through many emails, we were able to provide all the necessary information that was needed to file for the tax credit. We finished our applications by the end of December 2021 and we received our tax credit monies by the month of May.

Again, without the help of TMG Business Solutions and Jorns & Associates we would have missed out on the benefit of the Employee Retention Tax Credit. We would like to thank them for making us aware of this program and to the Jorns & Associates for making the process of filing the reports and getting us through this process seamlessly. We highly recommend using TMG Business Solutions and Jorns & Associates.

Sincerely,

A handwritten signature in cursive script that reads "Nancy Finelli".

TMG Solutions:

I just wanted to drop you a quick note about working with you and the Jorns Group on the ERTC projects.

As you know, when Covid and the CARES Act came on the scene in 2020, it was like all hell broke loose. Many smaller accounting firms, including me, were just barely about to keep up with client needs, principally having to do with the PPP loans and forgiveness program.

In the meantime, the ERTC was probably the least understood aspect of the CARES Act by many accountants, again including me. Once I began to get educated on this, it became evident that I had several clients that would benefit.

One of the keys to this understanding was that while one of the criteria to qualify for the credit was a 50% drop in sales, it is not the only way. Jorns has been able to qualify several of my clients that I was uncertain as to their qualification. I believe this is the real value to working with the group.

My clients have already received refunds in excess of \$1 million with much more to come. I encourage all who maybe thought they did not qualify, or even have been told by their accountant that they do not qualify, to get a second opinion. You have nothing to lose.

Sincerely,

Thomas M. Begley, CPA

## Happy Clients saying Thank You!

In April 2022, I was contacted by Kelly Koepp regarding the Employee Retention Credit tax refund. He explained that Jorns and Associates could help me apply for the ERC. I entered an agreement with Jorns and Associates at that time to help me with handling the ERC.

I found Jorns and Associates to be a "first class" financial firm. Jorns and Associates performed just as Kelly had represented them. Kelly and Jorns and Associates are both very trustworthy and handled my case just as advertised.

We received our first payment a little under 5 months from starting our relationship with Jorns and Associates. The remaining checks were received shortly after the initial payment came in.

We are pleased with the professionalism that Jorns and Associates showed while handling our ERC. I would highly recommend them to anyone looking to hire someone to help them with the ERC.

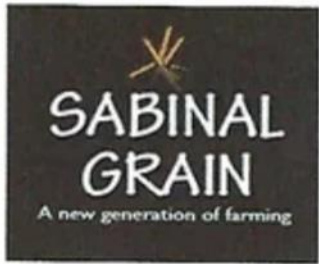

Respectfully,

September 26, 2022

To: Whom it may concern

We were approached by Kelly Koepp, representing **Jorns and Associates** on May 3, 2022, concerning the Employee Retention Credit tax refund. Like so many other businesses, we applied for the CARES Act PPP and PPP2 programs but weren't familiar with the third program available until he sat down and explained it to us.

With so many businesses feeling the effects from the Pandemic, we felt that we had nothing to lose and everything to gain, if we qualified. In less than five months, we completed the process and received our checks from the U.S. Treasury and our experience with **Jorns and Associates** was very positive.

In today's world, seldom is it found where an organization comes into your business and shares a program that can be applied for, that will help you without strings being attached.

We are grateful for **Jorns and Associates** and their quality representatives going to the business and sitting down with their clients, explaining this opportunity.

In addition to Sabinal Grain Company, we also own and operate Uvalde Producers Feed, LLC, located in Uvalde, Texas. We also benefited from enrolling that business, as well.

Respectfully,

  
Danny Dean

Brent Ives  
Hill Country Crisis Council, Inc.  
429 Washington St. Kerrville, Texas

Our agency, Hill Country Crisis Council, Inc. (HCCC) serves, through direct services, a population of children and adults who have experienced sexual assault, physical assault, and family violence. As a non-profit organization providing these services, the last few years of uncertainty have impacted our fundraising efforts and we have been challenged to stay connected with private and community donors to sustain our mission.

The opportunity for HCCC to intersect with both Margie Jetton and Carolyn Northcutt around the Employee Retention Credit Program (ERCP) has been a blessing and has provided a lift of relief and the opportunity for us to invest in our mission's sustainability. They both took the time to help us understand the benefits of the program, encouraged us to move forward in connecting with Jorns and Associates, and followed back up with us during the process. Earlier this year in May, we registered with Jorns and Associates to begin the ERCP, and from the onset, the services and customer relations provided were professional, seamless, and extremely user friendly. Four short months later we began receiving checks from the U.S. Treasury – we can't thank Jorns and Associates enough for their expertise and commitment.

I appreciate Margie, Carolyn, and Jorns and Associates whole heartedly. Our community is fortunate to have these resources.

Sincerely,

Brent Ives
