

Elliott and Larissa Vanderlaan own two independent SpartanNash grocery stores. Their trust in CCI and their team of specialists has delivered hundreds of thousands of dollars of results for their business. So, **it was natural for them to take 30-minutes to find out how this premier wellness program – *Employer's Choice* – could help their employees with something priceless – HEALTH! – and save everyone thousands more every year.**

Elliott said to his CPA, **“Things are rough out here for small businesses and if we can find ways together to save money and keep businesses afloat, this is the opportunity.”** [emphasis added]

**ELLIOTT’S MESSAGE TO JIM, HIS SPARTANNASH REP:**

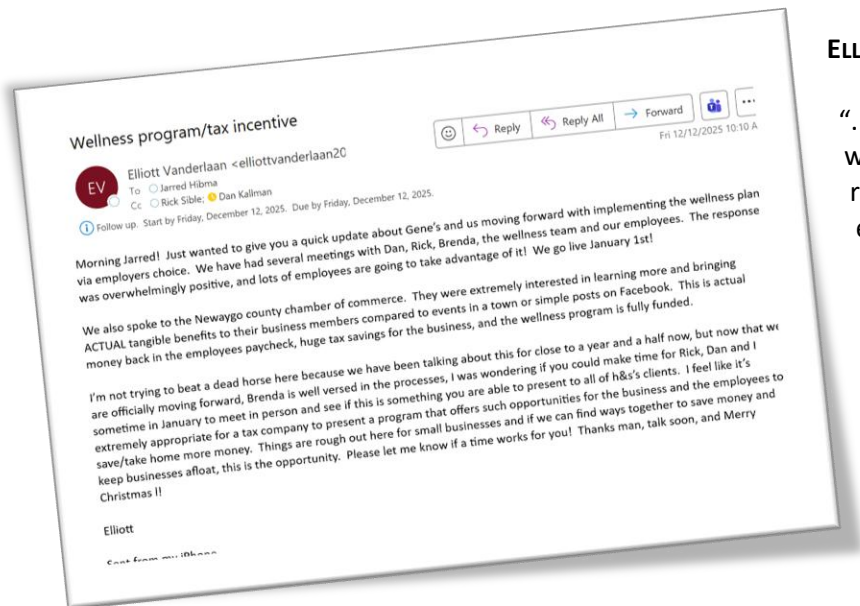

- “I’m seriously all in on this program”
- “Anything we can do to help...”
- “...game changer for your customers”
- “Actual, tangible more money in the employees pockets”
- “no out of pocket for the business...”
- “fully funded wellness ... for employees”
- “REAL money into our bottom lines!!!”

**ELLIOTT’S MESSAGE TO JARRED, HIS CPA:**

“... [we’re] moving forward with implementing the wellness plan via employers choice ... [t]he response was overwhelmingly positive, and lots of employees are going to take advantage of it!”

“... spoke to Newaygo county chamber ... [they’re] extremely interested ... [to] bringing ACTUAL tangible benefits to their business members ... this is actual money back ... and the wellness program is fully funded.”

**Curious to see if CCI can help you just as they’ve helped Elliott and Larissa?**
